SUNSET WHALE WATCH & DINNER CRUISE

Please join us for what has to be, the most fun thing to do while visiting Maui. One of the reasons Maui is the #1 Island in the world is that it is blessed with numerous islands on its horizon. As the sun sets over the islands of Lanai and Kahoolawe to the west, the view of 10,000 foot Mount Healakala to the east is equally as breathtaking. If that isn't enough, winter months are the best time for whale watching. Maui has literally thousands of Humpback Whales that migrate to the warm island waters to mate and give birth. See these 50 ton mammals breach completely out of the water or watch as the new calves learn how to communicate by slapping the water with their tails. It isn't about just seeing the whales, but how close they come to the boat! Now picture yourself with your favorite beverage, witnessing this spectacular event. Do the words peak experience come to mind?

MOLOKINI SNORKEL & WHALE WATCH ADVENTURE

Molokini Crater has been rated as one of the top ten snorkel spots on the planet for many years. There are only a hand full of these types of volcanic calderas found around the world. Molokini Crater is actually the tip of an extinct volcano (we hope), it is also a protected marine life preserve and offers a terrific opportunity for guests to swim with literally hundreds of colorful fish. It has often been described as swimming in an outdoor aquarium. Winter is Whale Season and the probabilities of seeing these giant creatures are nearly 100%! This adventure includes all snorkel gear and instruction along with lunch, beer, wine and sodas. This is absolutely a "must do" while on Maui.

CIRCLE ISLAND EXPLORER HELICOPTER TOUR

Flying in a state of the art helicopter is an absolute thrill! And Maui might just be the best place on the planet to fly. Because Maui has so many diverse eco-systems located on one island it makes this tour a must do while visiting. West Maui is one of the wettest places on earth with long streaming waterfalls and vibrant green valleys. Hana's uninhabited backside is home to "Seven Pools", and is the nation's largest rainforest. Haleakala Crater is the world's largest dormant volcano, large enough to house the island of Manhattan; from Wall Street to Harlem. Only 25% of Maui is visible from its roadways. This spectacular tour lets you see all of Maui with its unforgettable hidden valleys, rugged coastline, lush jungle vegetation, and incredible vistas. Don't miss the opportunity to see Maui in its

entirety! For individual weight over 250 lbs please call for options. Two types of helicopters available.

ROAD TO HANA LUXURY MINI COACH TOUR

The winding road to Hana has long been one of Maui's favorite visitor excursions. Although only 52 miles, this tour will take most of the day. This "Heavenly Highway" is more than just another Sunday drive with 617 turns, and 56 one-lane bridges. Considered a road between two worlds, coastal vistas, waterfalls, wayside stops and remote beauty make this trip an interesting contrast to the beachside resorts left behind only hours ago. Not just a van tour, our luxury Mini Coaches are equipped with captain's seats, and large viewing windows. This tour goes where car rentals aren't allowed. Delicious Oceanside buffet picnic lunch included. Don't miss the view because someone talked you into driving. One of the most beautiful drives in the world.
